

## SAMRAI2014

The 1st Scientific Advisory Meeting for Radiation and Accurate Information

Scientific Understanding of Low Dose Rate Radiation in Fukushima  
and Rehabilitation of the 20 km Zone

### Program

The First Members' Office Buildings of the House of Representatives, March 24, 2015

Opening Ceremony	10:00
Science Reports	50min. for each including 10min. discussion
Chairman: Yasuhide Sakakibara: JAEA	10:30~
1 Jun Takada : Professor Sapporo Medical University, JP Definitive Results from Fukushima Dosimetry Survey Reality of low radiation dose. Return to 20 km Zone is possible.	
2 Mohan Doss: Associate Professor, Fox Chase Cancer Center, USA Coping with Low-Dose Radiation in Fukushima	
Lunch Break	12:10~
Chairman: Tetsuo Sawada: Tokyo Institute of Technology	13:10~
3 Sadao Hattori: Former Trustee of Central Research Institute of Electric Power Industry , JP History of International Study for Low Dose Rate Radiation Science	
4 Hironobu Nakamura: Professor Emeritus, Osaka University JP Issues of Japanese Radiological Protection Standards. What Radiation Levels are Considered Safe?	
Break	14:50~15:10
5 Wade Allison: Professor Emeritus, University of Oxford, UK Radiation and Society: Overreaction to Low-Dose-Rate Radiation	
General Discussion Chairman Jun Takada Ranch revival, Cattle living in Namie town What shall we do in order to accelerate the return to Fukushima 20km distance?	16:10~17:00
Announcement of Conclusion	17:00~17:30
Closing speech
